

Commercial Refrigeration Engineer - NSW

- **Do you have experience in Commercial Refrigeration and ready for your next challenge?**
- **Play a lead role managing the refrigeration tendering activities for one of the most recognisable brands in Australia**
- **Exposure to a variety of work where no two days are the same!**

About us:

The Woolworths Group is a proud, home-grown Australian business, with some of Australia's most recognised and trusted brands including Woolworths, Dan Murphy's, BWS and BIG W. We employ more than 205,000 people and a committed business partner of many thousand local farmers, producers and manufacturers. What are we passionate about? Our customers, our team members, our environment and consistently looking for opportunities to innovate.

What you will do?

Our engineering team sits within our wider strategic Format Development department who are responsible for creating, re-invigorating and maintaining the look and feel of our supermarket business. In this role you will manage the day-to-day project engineering and tendering activities of our refrigeration investment. You will also support the field engineering team with program delivery and will partner closely with quantity surveyors on design, installation and equipment procurement. This role will also see you:

- Manage refrigeration installation tendering, and refrigeration case ordering
- Prepare installation scopes of work, for the purposes of tendering
- Assess refrigeration tenders and provide recommendations to the Project Manager
- Provide refrigeration design and cost information to the project team
- Scope model costs for our renewal program

Who you are?

- You have a background in commercial refrigeration, ideally with exposure to installation and/or commissioning
- Tertiary qualifications in Mechanical Engineering preferred, OR Trade qualifications in Air Conditioning & Refrigeration, HVACR
- You have project engineering experience managing refrigeration tender activities, preparing scopes of work, pricing, quoting and resourcing
- Commercial refrigeration experience in supermarkets or FMCG retail environment will be highly regarded

We are driving inclusion and diversity as Ways of Working. If you meet a number of requirements (and not all), we encourage you to submit your application.
